

,the New England LEGO Users Group

and the Solomon Pond LEGO® Store Present...

CONSTRUCTION WARS

Come and witness a team of ten **NELUG** members attempt to break the world speed record for building a LEGO® Imperial Star Destroyer!

Saturday, October 30th, at 1:00 P.M.
Solomon Pond Mall
at the intersection of I495 & I290
in Marlborough, Massachusetts.

The Imperial Star Destroyer is the largest LEGO® set ever made! It contains over 3,100 pieces, and is more than three feet long when assembled.

The current speed record for assembling this amazing model is 1 hour, 2 minutes, and 28 seconds, held by a building team from Germany.

The New England Lego Users Group, is a friendly place for adult LEGO® enthusiasts throughout New England to meet and share a common hobby. Visit us online at <http://www.nelug.org>!

We tend to average about one meeting each month. These meetings are informal in nature and have an open format. Meetings are usually held in the greater Boston area. If you are interested in learning more about NELUG or if you want to meet us at one of our general meetings please join our online mailing list.

NELUG participates in local expositions, including the Greenberg Train Show. This season, the show runs from December 18-19 at the Shriner's Auditorium in Wilmington Massachusetts.

The Imperial Star Destroyer and other Star Wars™ collection models are available at your local LEGO® store!
